### **Project won't harm South Saluda River**

The Mountain Bridge Chapter of Trout Unlimited here in the greater Greenville-Spartanburg area fully and strongly supports the South Saluda River Project your newspaper described in a recent edition.

Our chapter is comprised of more than 470 members from all walks of life who enjoy and cherish trout fishing and conservation, and subscribe to the national Trout Unlimited mission of "conserving, protecting and restoring North America's cold-water fisheries and their watersheds." You can rest assured that Trout Unlimited, the U.S. Natural Resources Conservation Service, the S.C. Department of Natural Resources, the S.C. Department of Health and Environmental Control, Upstate Forever, Naturaland Trust, Save Our Saluda, and Partners for Trout would never jointly support a project that would cause harm to a river. We all strongly support this project.
